

A ZOMBIE SAMPLE INSURRECTION

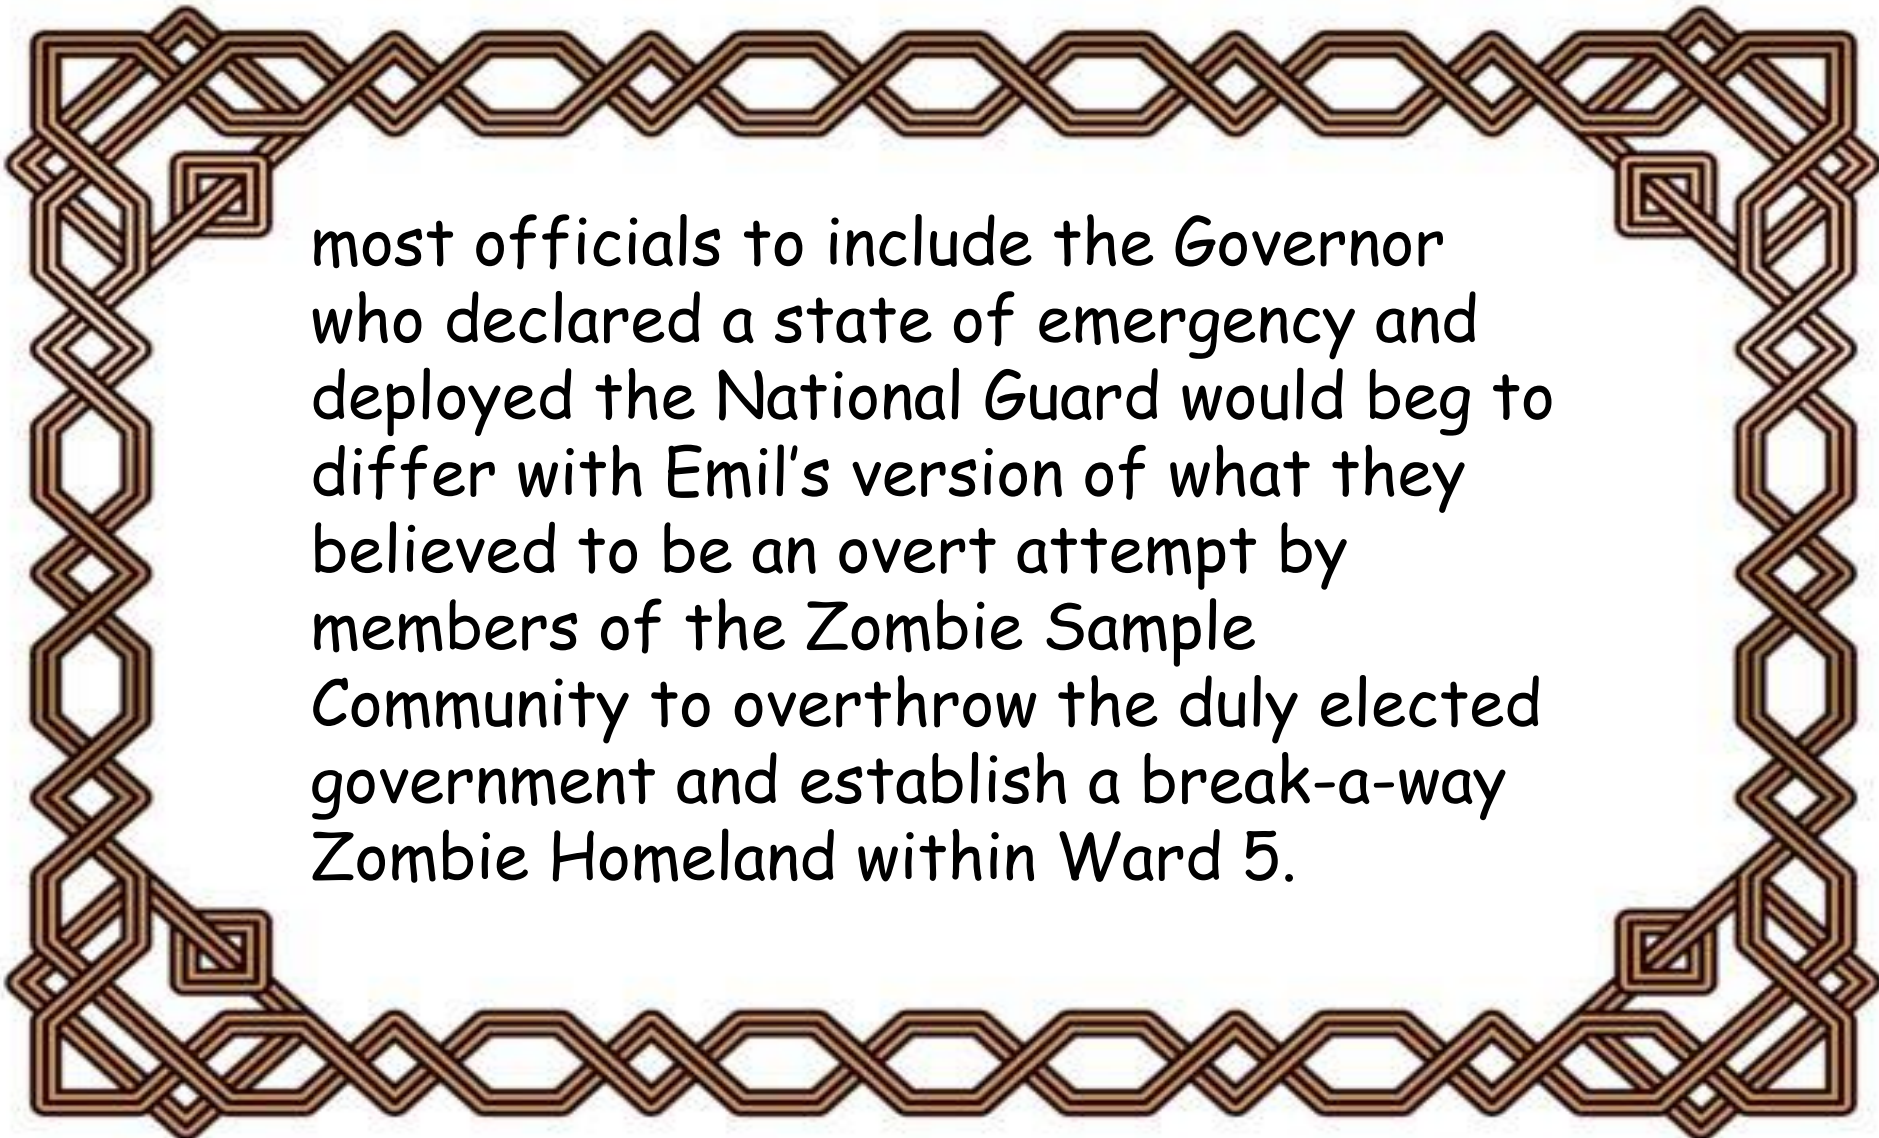

San Giovanni Metro Stop Gallery

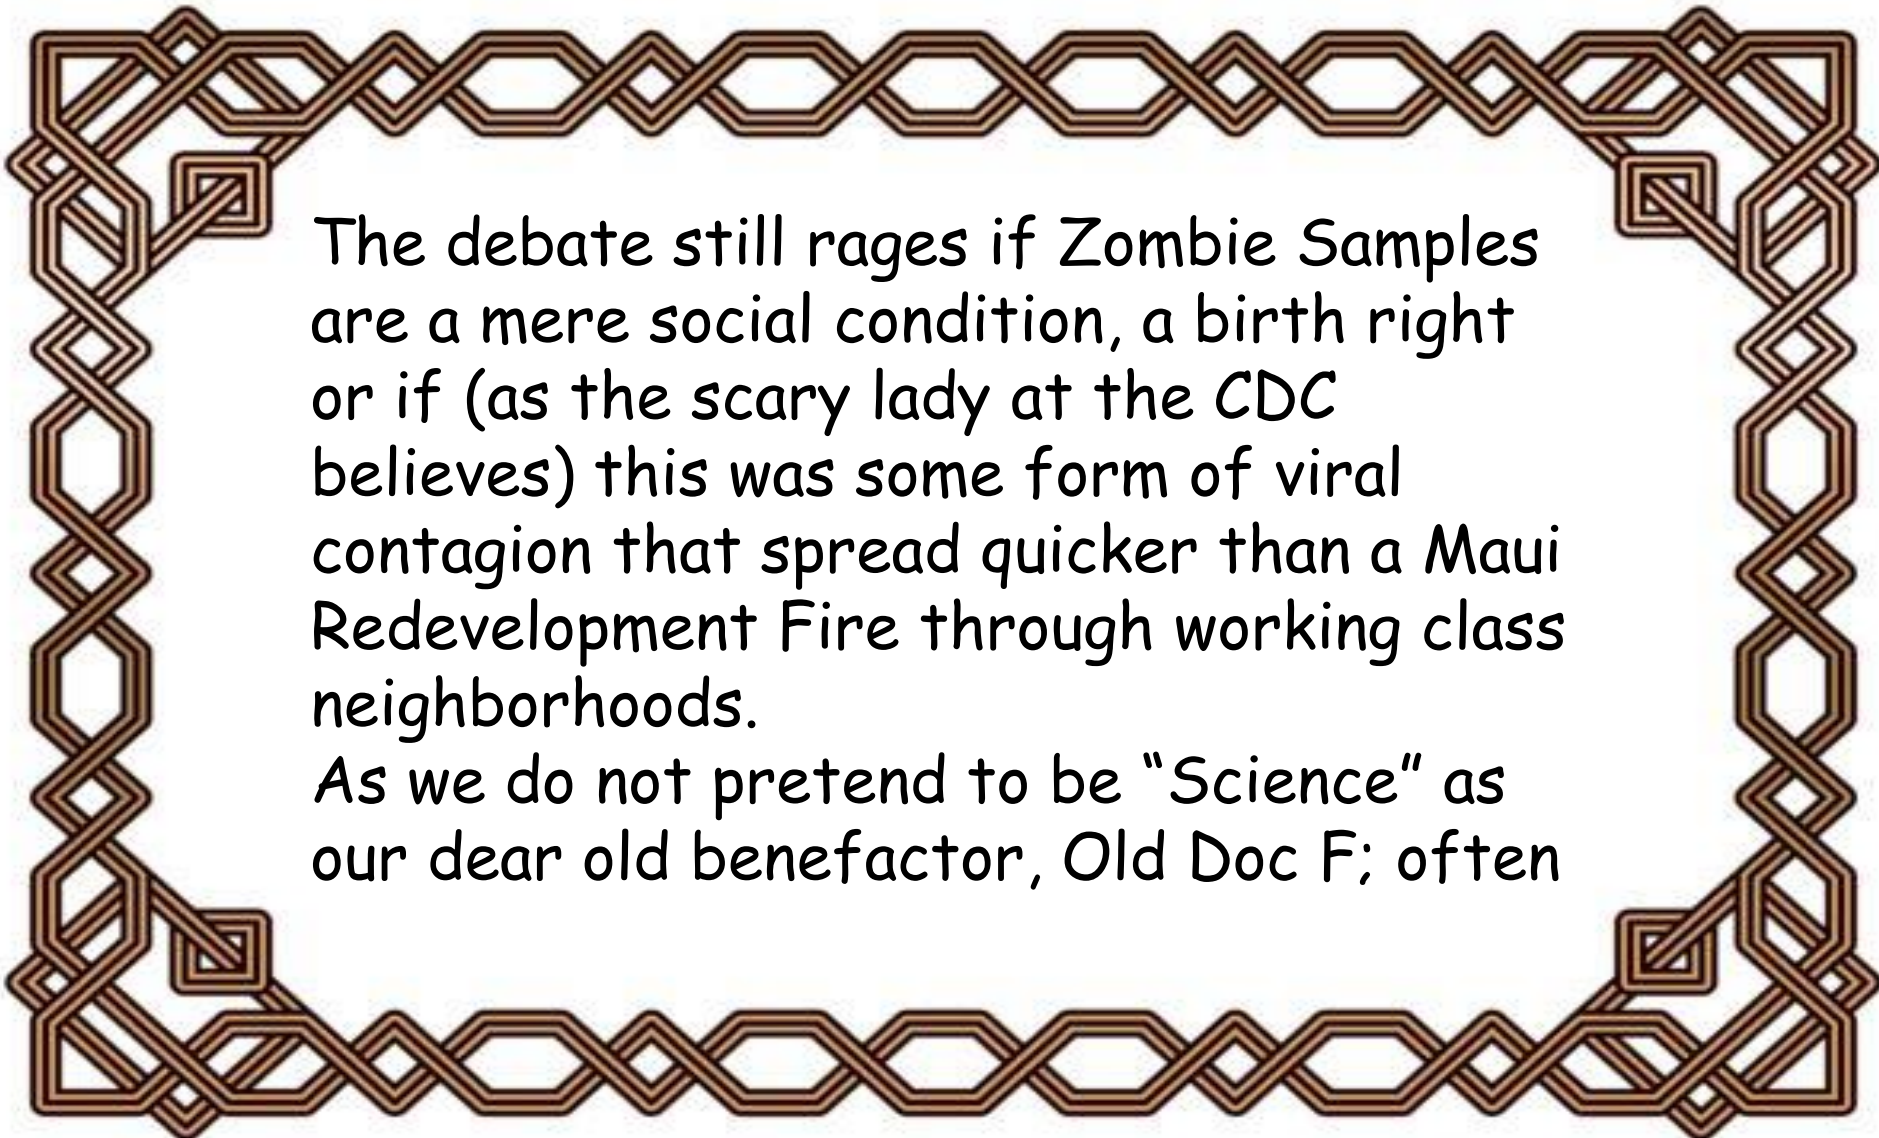

The morning after the Zombie Sample Insurrection there was an eerie sense of calm out on the main streets as the arriving National Guard troops were busy erecting barricades and checkpoints. While people like Emil claim that this was mostly a peaceful protest dealing with Housing Rights for the GOF (Gain of Function) Zombie Samples there in Ward 5;

most officials to include the Governor who declared a state of emergency and deployed the National Guard would beg to differ with Emil's version of what they believed to be an overt attempt by members of the Zombie Sample Community to overthrow the duly elected government and establish a break-a-way Zombie Homeland within Ward 5.

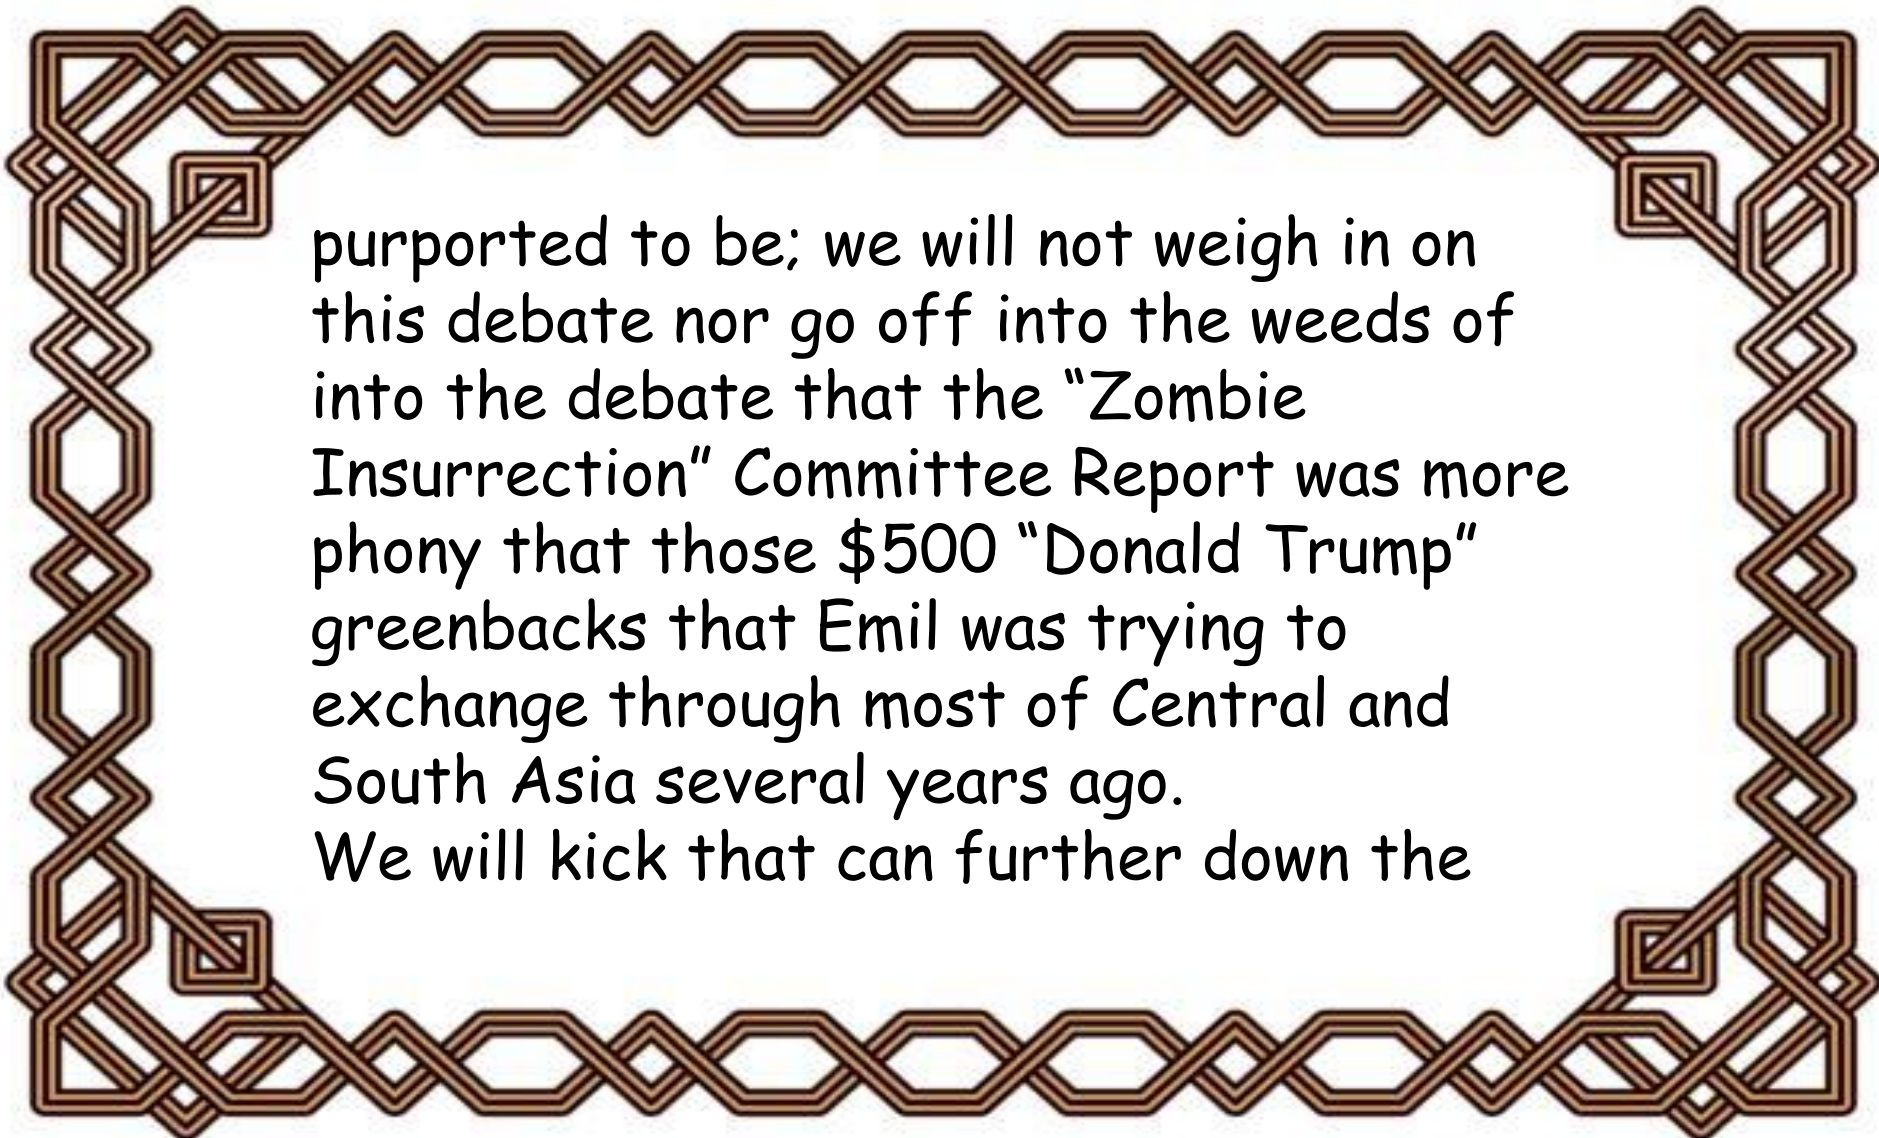

The debate still rages if Zombie Samples are a mere social condition, a birth right or if (as the scary lady at the CDC believes) this was some form of viral contagion that spread quicker than a Maui Redevelopment Fire through working class neighborhoods.

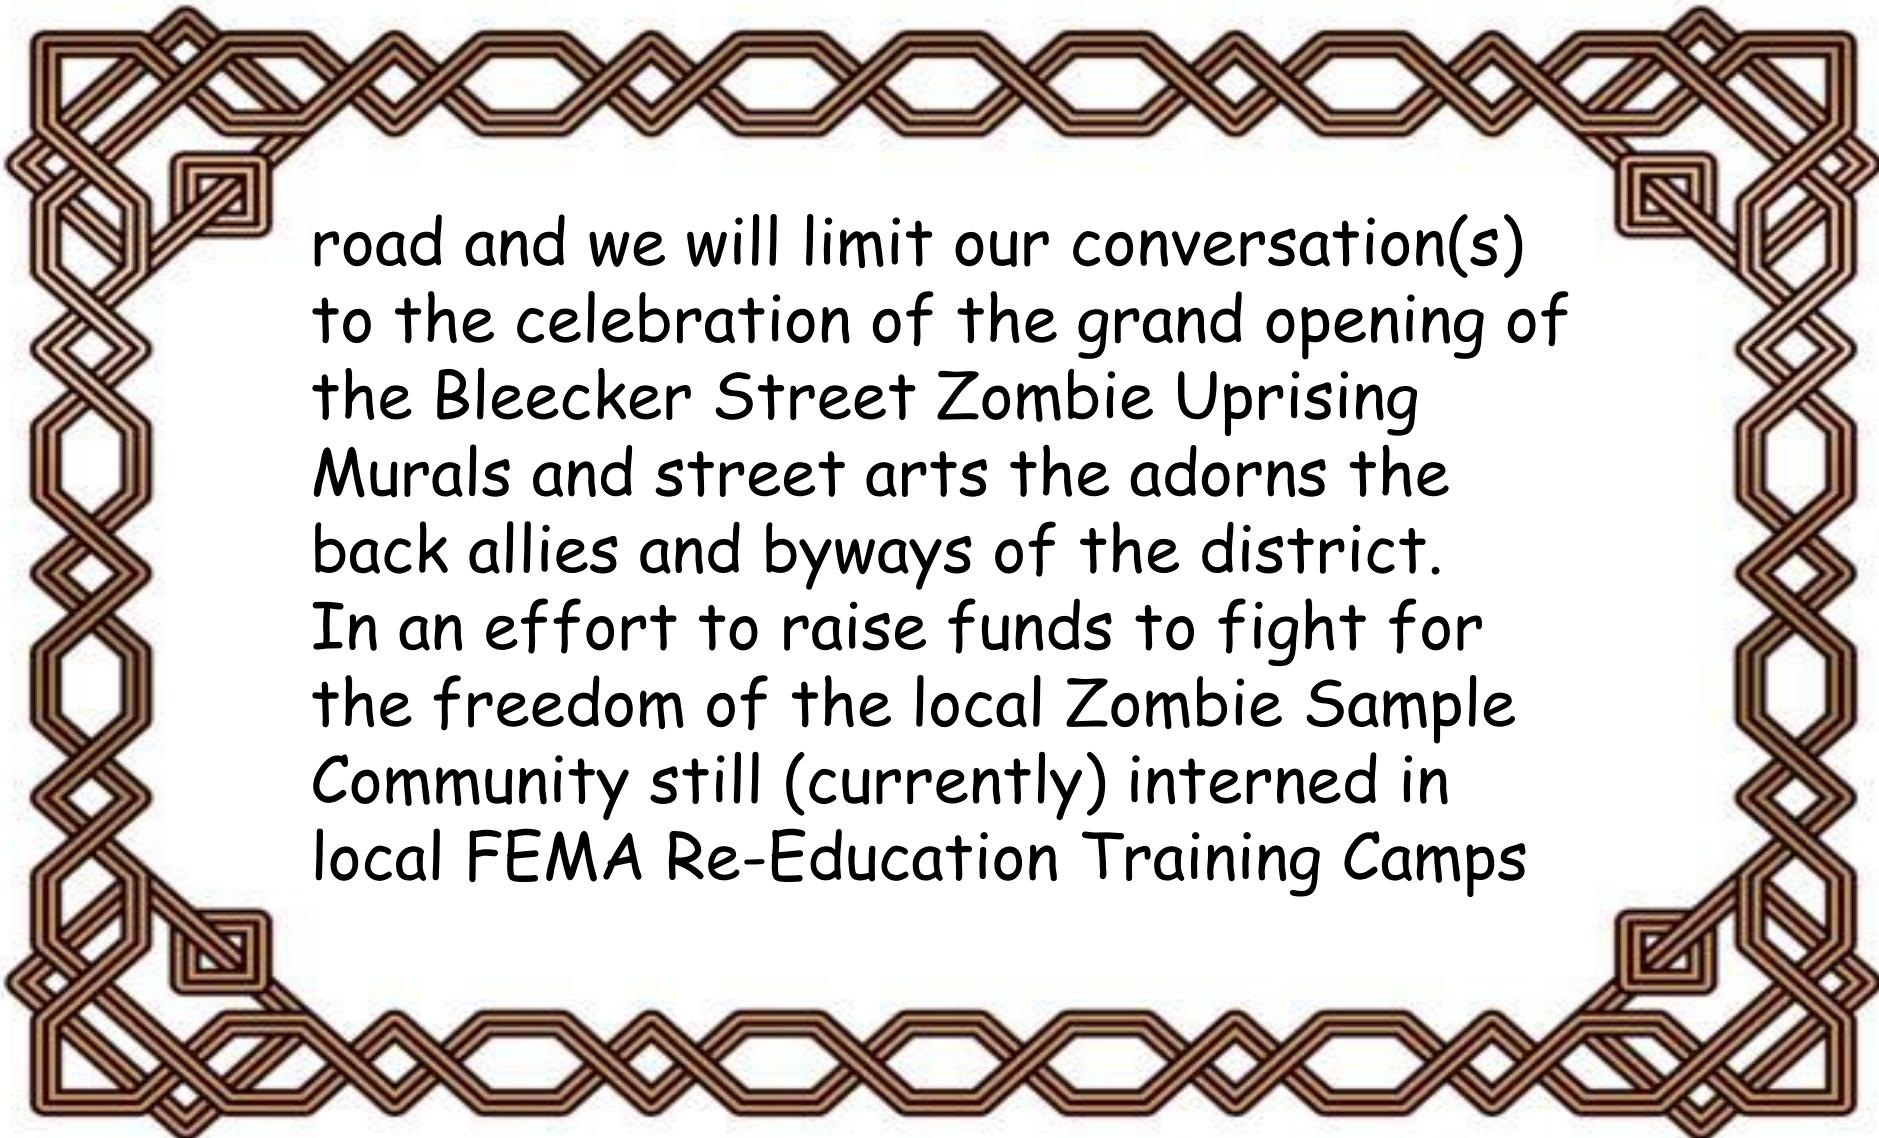

As we do not pretend to be "Science" as our dear old benefactor, Old Doc F; often

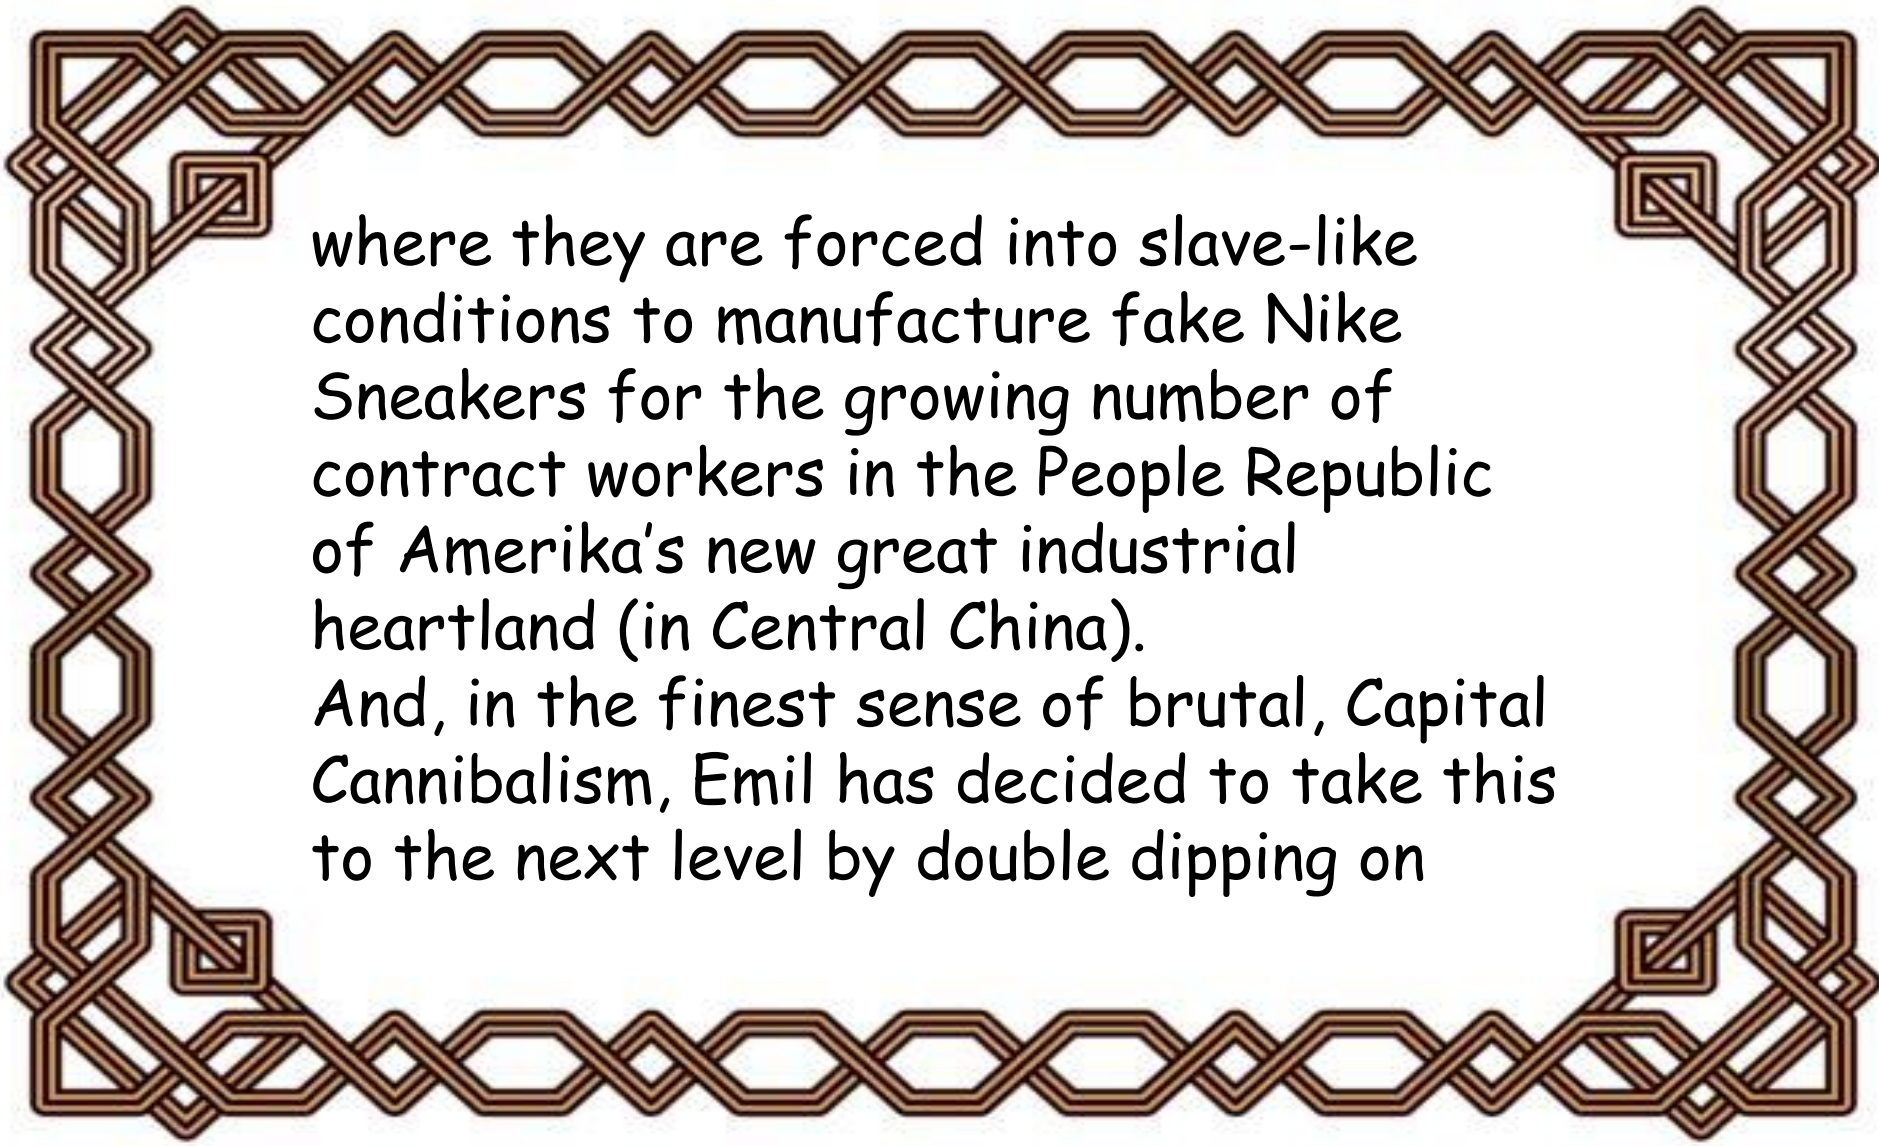

purported to be; we will not weigh in on this debate nor go off into the weeds of into the debate that the "Zombie Insurrection" Committee Report was more phony than those \$500 "Donald Trump" greenbacks that Emil was trying to exchange through most of Central and South Asia several years ago. We will kick that can further down the

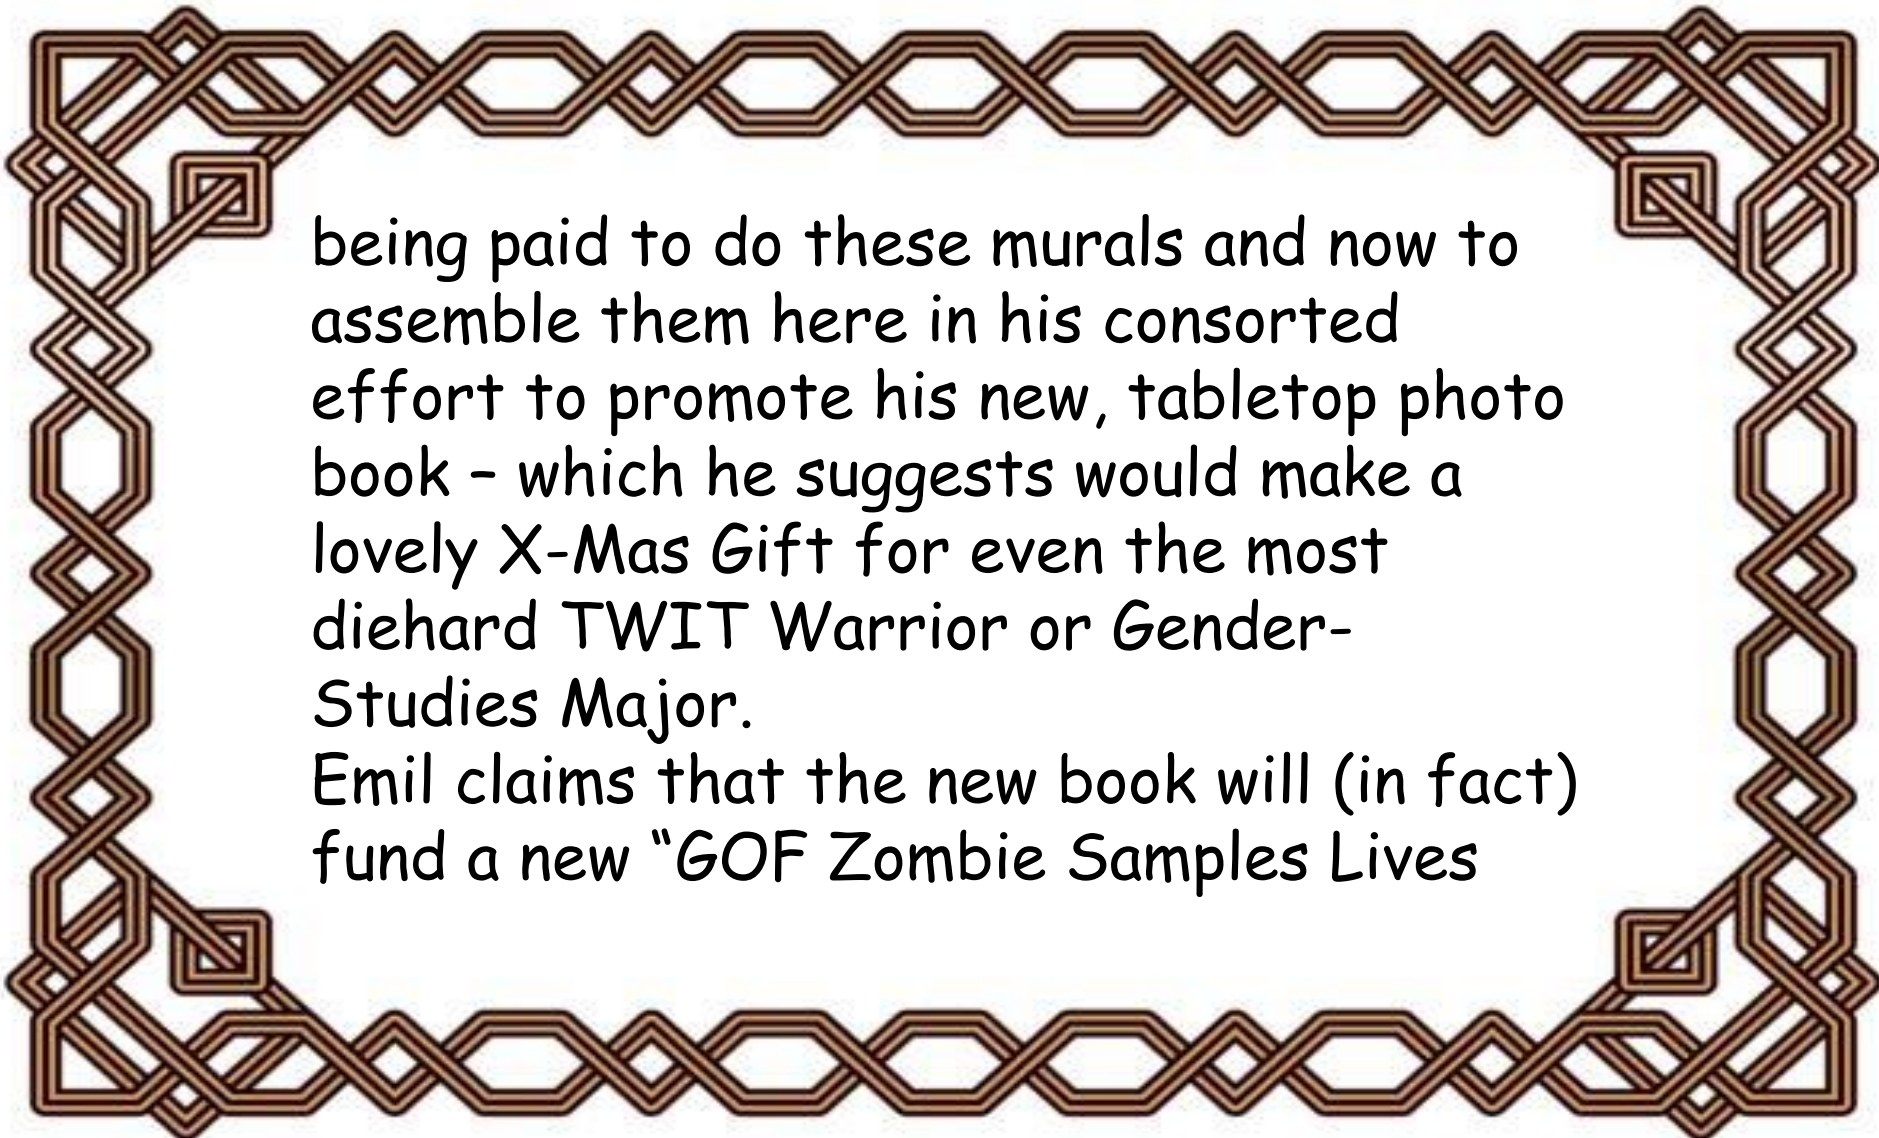

road and we will limit our conversation(s) to the celebration of the grand opening of the Bleecker Street Zombie Uprising Murals and street arts the adorns the back allies and byways of the district. In an effort to raise funds to fight for the freedom of the local Zombie Sample Community still (currently) interned in local FEMA Re-Education Training Camps

where they are forced into slave-like conditions to manufacture fake Nike Sneakers for the growing number of contract workers in the People Republic of Amerika's new great industrial heartland (in Central China). And, in the finest sense of brutal, Capital Cannibalism, Emil has decided to take this to the next level by double dipping on

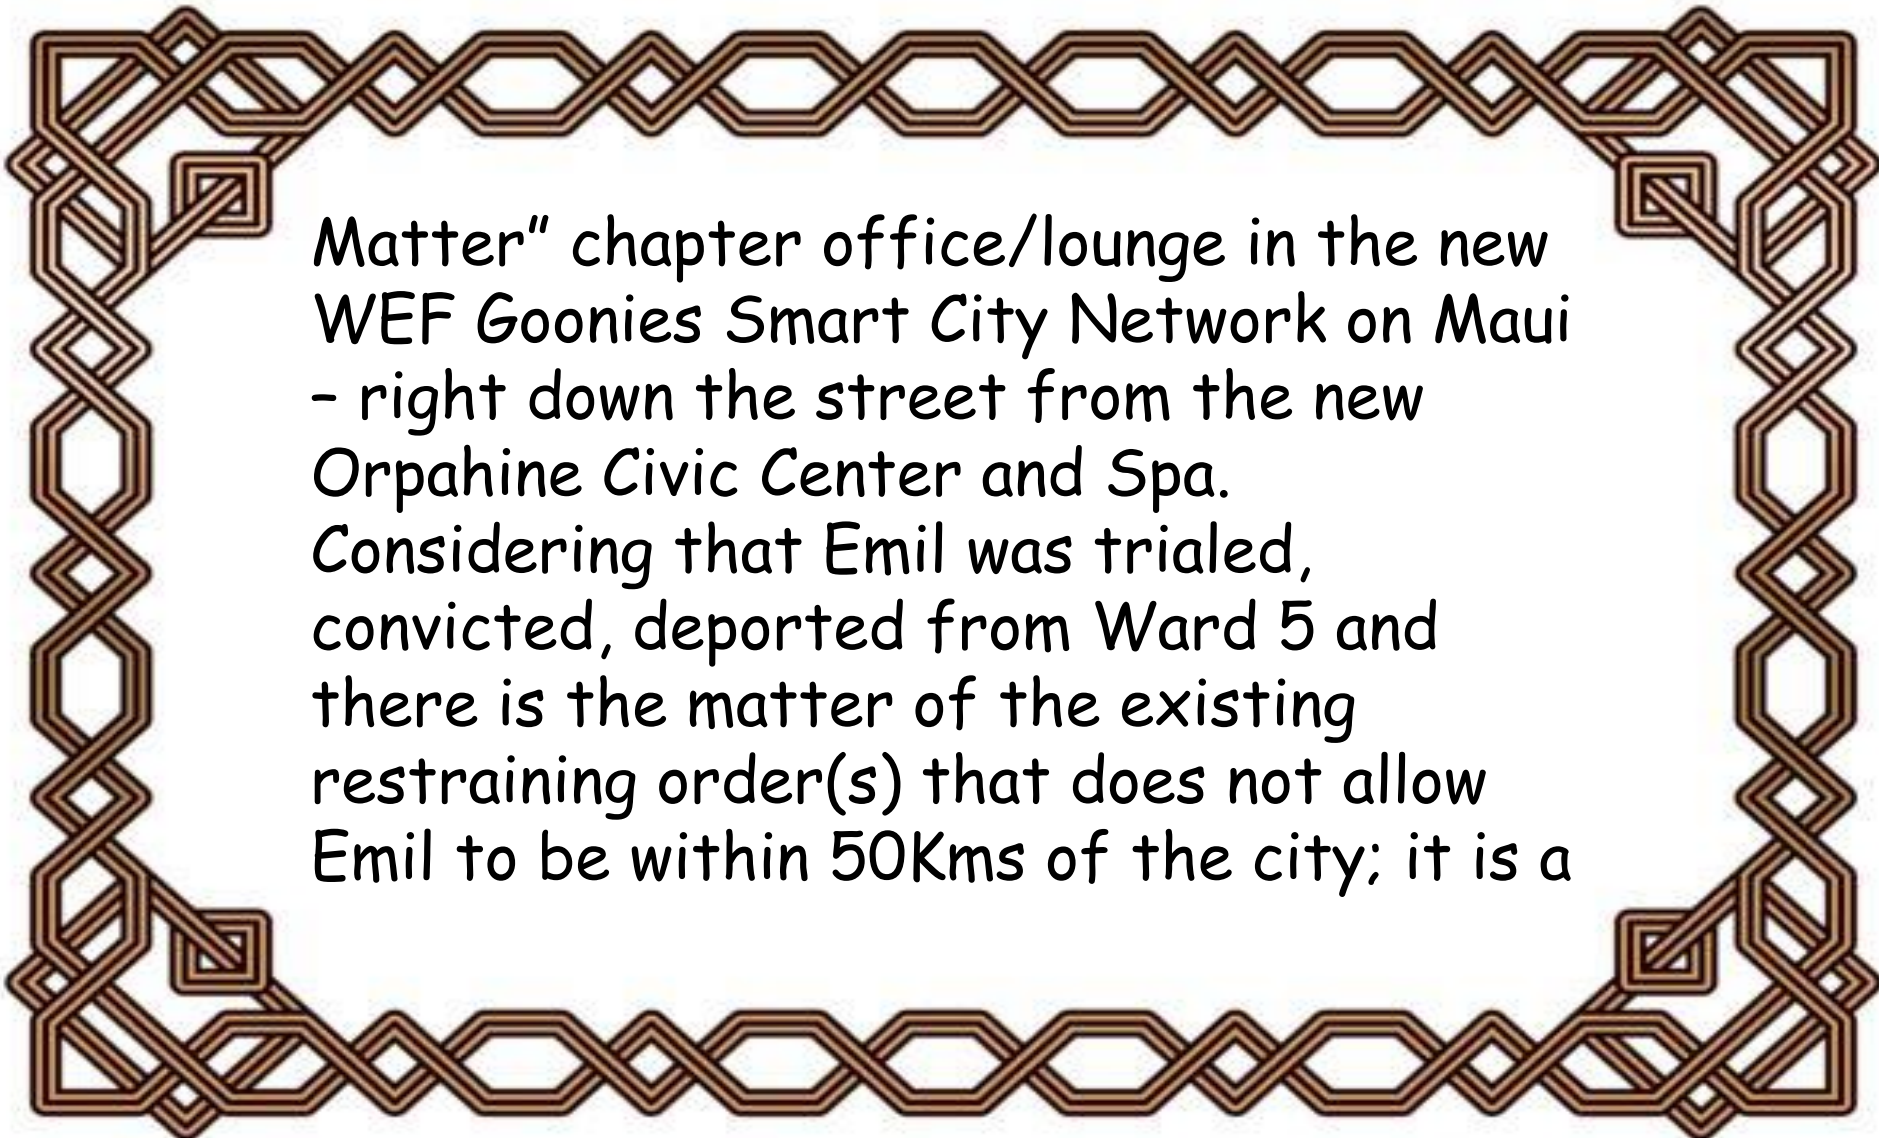

being paid to do these murals and now to assemble them here in his consorted effort to promote his new, tabletop photo book - which he suggests would make a lovely X-Mas Gift for even the most diehard TWIT Warrior or Gender-Studies Major.

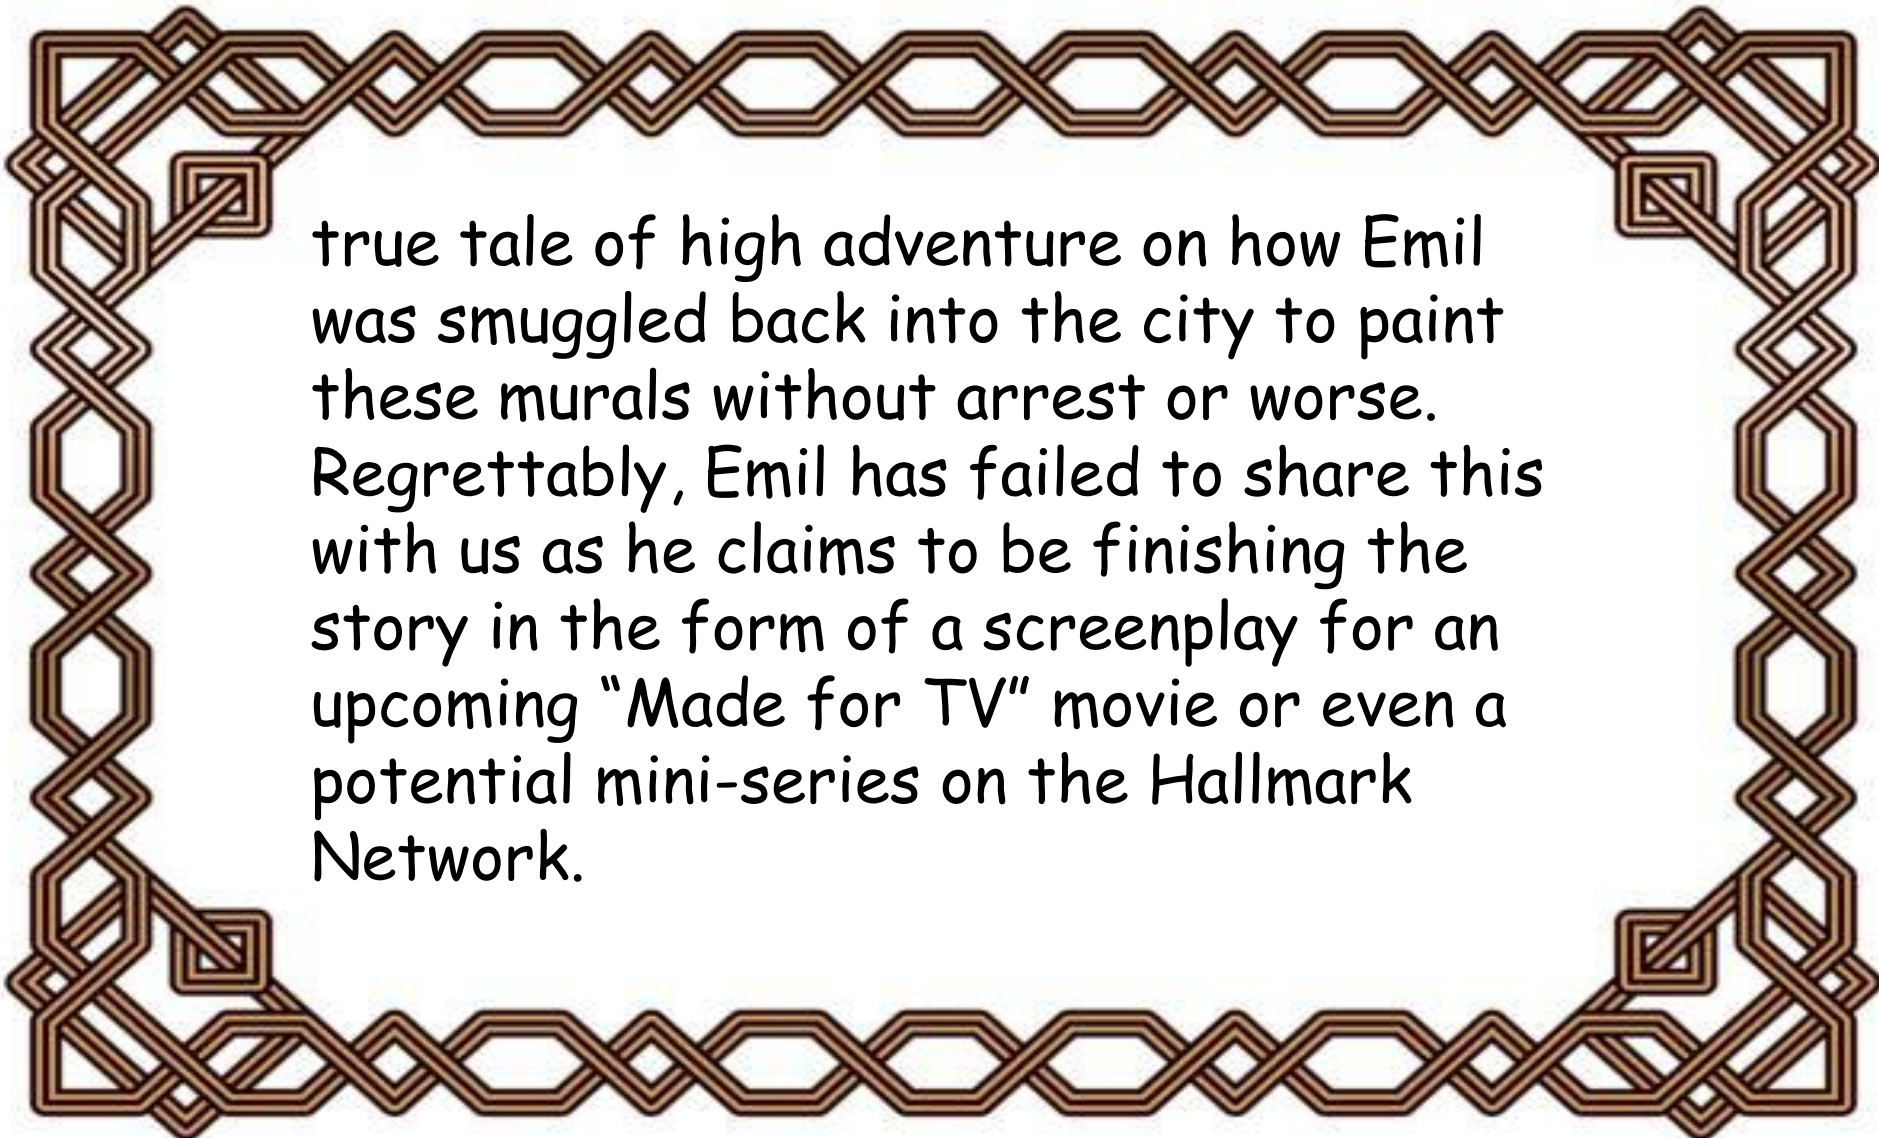

Emil claims that the new book will (in fact) fund a new "GOF Zombie Samples Lives

Matter" chapter office/lounge in the new
WEF Goonies Smart City Network on Maui
- right down the street from the new
Orpahine Civic Center and Spa.
Considering that Emil was trialed,
convicted, deported from Ward 5 and
there is the matter of the existing
restraining order(s) that does not allow
Emil to be within 50Kms of the city; it is a

true tale of high adventure on how Emil was smuggled back into the city to paint these murals without arrest or worse. Regrettably, Emil has failed to share this with us as he claims to be finishing the story in the form of a screenplay for an upcoming "Made for TV" movie or even a potential mini-series on the Hallmark Network.

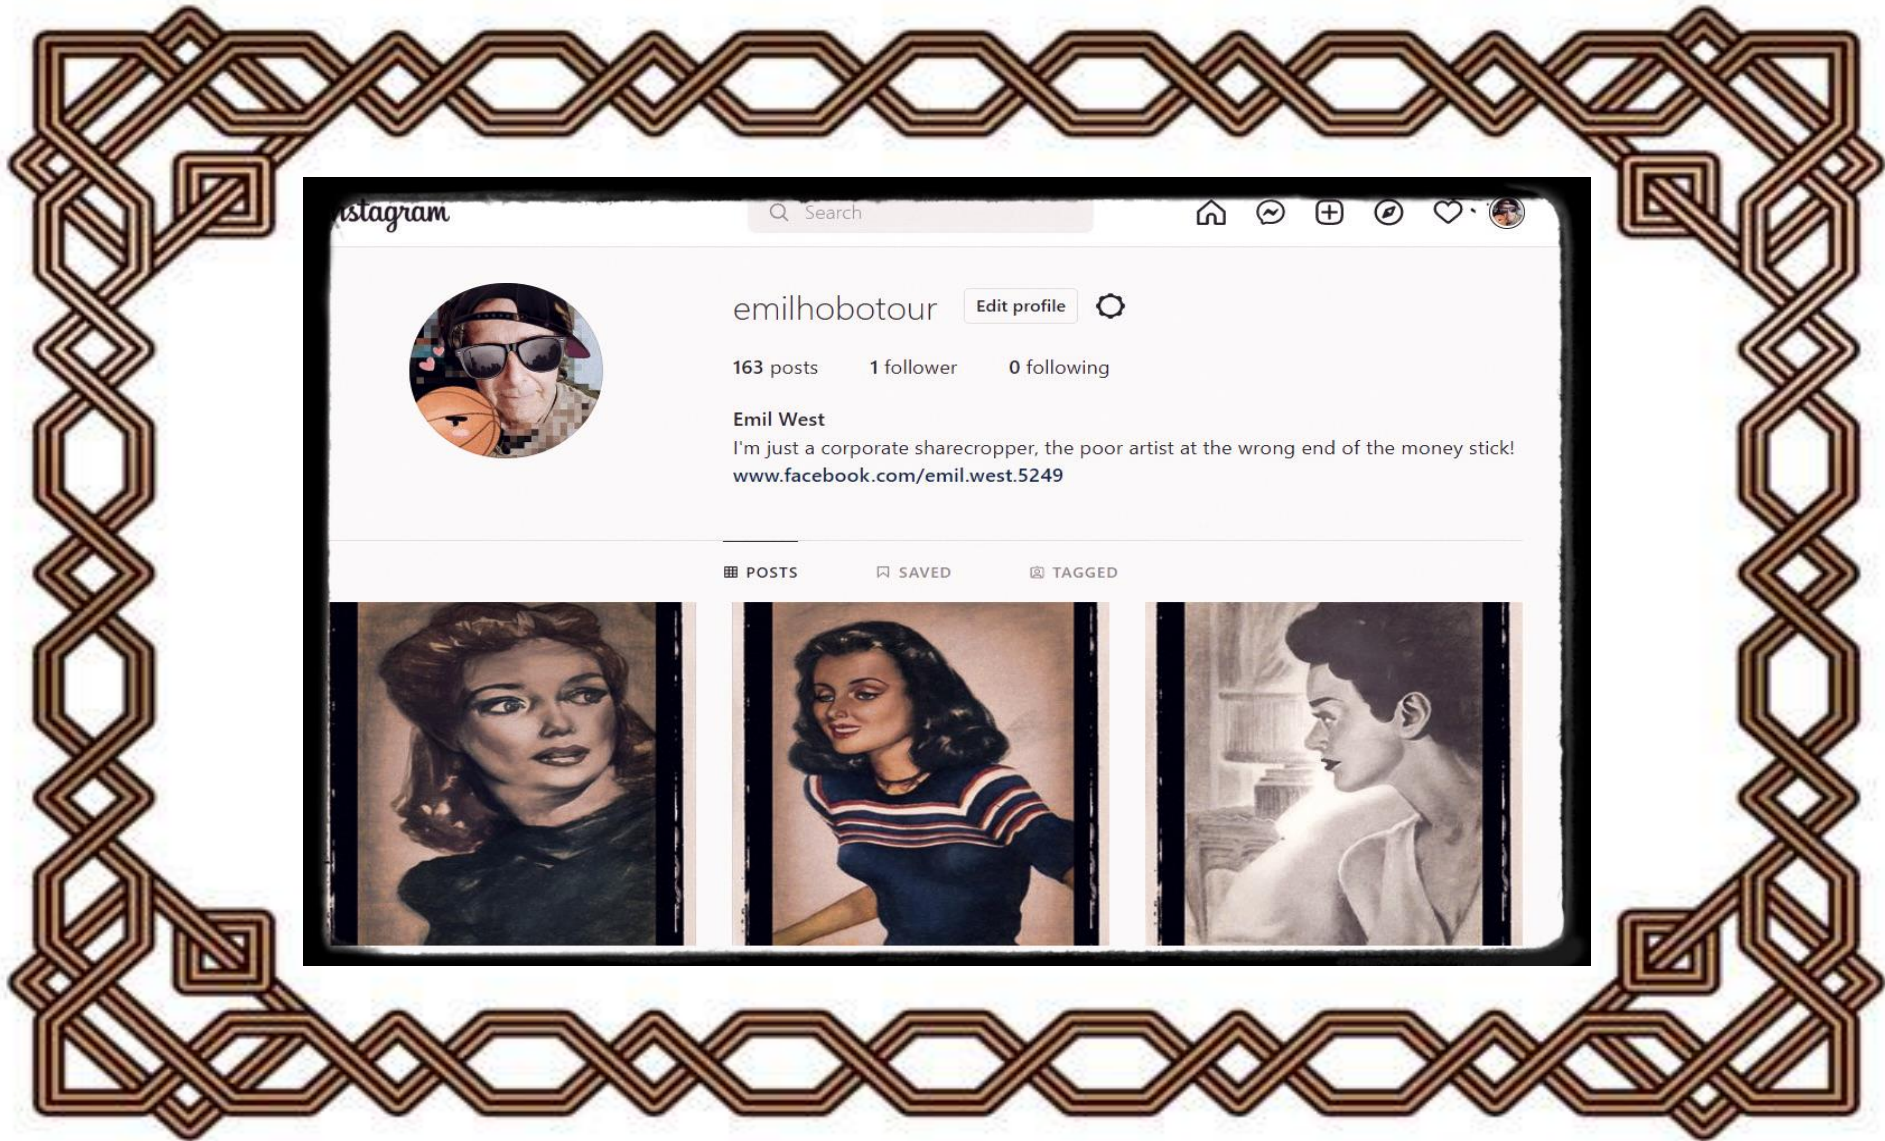

DAMN!!!
Foiled AGAIN
by those GOF
Zombie
Samples from
that clown Emil!
